

# Digging In

Oh yeah, sometimes I'm tempted to take what I see  
Especially when it's shiny, and I wish it were free  
But when it's not mine to take, I can't do it do it, no way  
Gotta trust that I'll have what I want some day

Eh, rein it in. Yeah, rein it in  
Cause I already got what I need  
Hello, brain, give me self-control  
Dial up my self-sufficiency

I'm digging in I'm digging in  
Ya I'm creating what I want  
Because the treasure's here inside of me  
I'm digging in I'm digging in  
Ya I'm just using what I got  
You know that I will live abundantly  
With my brain and my own two hands

I gotta hold back this craving  
'Til I earn it on my own  
But the reward might be greater  
Than I could have known  
I gotta have faith in my ability  
To build a life, a life of generosity

Eh, rein it in. Yeah, rein it in  
Cause I already got what I need  
Hello, brain, give me self-control  
Dial up my self-sufficiency

I'm digging in I'm digging in  
Ya I'm creating what I want  
Because the treasure's here inside of me  
I'm digging in I'm digging in  
Ya I'm just using what I got  
You know that I will live abundantly  
With my brain and my own two hands

The lack is in my head. Got plenty in my heart  
Temptation only ends when my confidence starts. Yeah  
The lack is in my head. Got plenty in my heart  
Temptation only ends when my confidence starts. Yeah

I'm digging in I'm digging in  
Ya I'm creating what I want  
Because the treasure's here inside of me  
I'm digging in, I'm digging in  
Ya I'm just using what I got  
You know that I will live abundantly  
I will live abundantly  
I'm digging in I'm digging in  
Ya I'm creating what I want  
Because the treasure's here inside of me  
I'm digging in, I'm digging in  
Ya I'm just using what I got  
You know that I will live abundantly  
With my brain and my own two hands
