(words & music by Jenny & David Heitler-Klevans, © 2014)

---

(Chorus:)

I'm a treehugger, baby - I love trees  
Changing with the seasons, swaying in the breeze  
(Repeat)

I find a great spot in the shade of a tree  
I lean against the trunk and it comforts me  
I pick myself an apple. juicy and sweet  
The squirrels gather nuts and together we eat

(Chorus)

I climb to the top of a very tall tree  
Looking over the horizon, feeling wild and free  
In the blanket of the treetops, nightingales play  
The view from up here takes my breath away

(Chorus)

How'd this giant grow from a tiny seed?  
Giving shade and food and the air we breathe  
With magic wand branches, making music when it blows  
I wish that trees could talk and tell me all they know

(Chorus)

Swaying in the breeze (repeat)
