

# I Wanna Be a Superhero

(words & music by David Heitler-Klevans, © 2015)

---

(Chorus:)

I wanna be a superhero  
I am so much more than zero  
I wanna help those who live in fear-oh  
I wanna be a superhero!

If I had a superpower  
I'd have the power of flight.  
Soaring high above the earth  
I'd help to do what's right  
    If I had a superpower  
    I'd be super strong.  
    I wouldn't use my strength to fight  
    but to help other people along

(Chorus)

My power would be invisibility  
I would not be seen  
I'd use my power to set things right  
and then I'd get away clean  
    I would be like Spiderman  
    with a cool disguise  
    I'd climb high and shoot my webs  
    and catch all those bad guys

(Chorus)

If I had a superpower -  
I would freeze things with my hands.  
I'd shoot ice out from my arms  
and refreeze the Arctic lands  
    If I had a superpower  
    I'd be super fast  
    I could speed to someone's aid -  
    I'd be a blur as I zoomed past

(Bridge:)

Calling out around the world,  
the galaxy and the nation  
I'm gonna be a super-reader  
and fire my imagination!

(Chorus)
