

# Wild and Free

(by Jennifer Heitler-Klevans, © 2015)

---

(Chorus:)

Oh – so wild and free  
Fly like the wind - Come with me

Take a deep breath in  
Feel the energy flow  
Open up your heart  
Stretch as far as you can go

(Chorus)

I push off from the ground  
I'm swinging so high  
Reach my legs toward the clouds  
Feel like I can fly

(Chorus)

Running through the grass  
Feel the wind rush past  
I could go for miles  
Running so fast

(Chorus)

Riding on my bike  
Downhill is the best  
I can glide forever  
And never stop to rest

(Chorus)

Rolling down a hill  
The ground going by  
The world spins around  
When I look at the sky

(Chorus - 2x)
