

I Love to Ride on a Train

(by Jennifer Heitler-Klevans, © 2013)

(Chorus:)

I love to ride on a train – choo choo
I love to ride on a train – choo choo
Come on aboard and ride with me
We'll see what we can see

(Verse 1 – *slowly*:)

We're going up a hill - I hope we don't stop
Climb, climb, climb until we reach the top
The going is slow, but if we all help out,
We'll reach our goal and give a shout!

(Chorus)

(Verse 2 – *fast*:)

We're going down the hill, stay on track
We're going super fast & we won't look back
The wind is blowing, we're almost down
Just one more turn and we'll roll into town

(Chorus)

(Verse 2 :)

Riding through fields, riding through woods
We're on "The Little Train that Could"
Riding through the country, riding through town
Riding through a tunnel, round & round

(Chorus)

Choo choo!
