

# Out in the Outback

(by David Heitler-Klevans, w/Jenny, © 2007)

---

(Chorus:)

Out in the Outback (4x)

You might see a wallaby,  
Koala or kowari,  
Numbat, wombat, wallaroo  
Kaluta or a kangaroo

(Chorus 2:)

Out in the Outback  
The Australian Outback  
(2x)

There's lots of marsupials  
The mothers are no slouches  
They carry their babies  
around in their pouches

(Chorus 2)

You might see a kakarratul  
a fluffy glider or a quoll  
Tasmanian Devil or a tuan  
Bandicoot, bilby or bettong

(Chorus 3:)

Walk about the Walkabout  
The Australian Walkabout  
(2x)

Australia is an island  
a continent cut-off by sea  
Their animals are so unique  
'cause they evolved differently

(Chorus 2)
