

# Down Diddley Down

---

**Chorus:**

We fall Down Diddley Down,  
We fall down now and then,  
But we get up-uppity-up and then we try it again!

**Verse:**

Slippin' and slidin' on the ice all day,  
I fall down here's what I say!

**Chorus**

**Verse:**

Babies fall as they try to walk.  
Here's what they're thinking 'cuz they can't talk!

**Chorus**

**Verse:**

When you learn a new trick here's what I've found:  
You might trip and hit the ground.  
Don't be afraid to make mistakes!  
Mistakes can teach us to be great!

**Chorus**
