Cuddle Right Up

Now it's time to say goodnight
My mommy and daddy hug me tight
Teddy Bear's on the bed and he stays
I'm under the covers in my PJs

Cuddle right up my head's on the pillow
Cuddle right up my head's on the pillow
Cuddle right up my head's on the pillow
And close your eyes

Cuddle right up my head's on the pillow
Cuddle right up my head's on the pillow
Cuddle right up my head's on the pillow
And close your eyes
