

Walla Walla Tree

Outside with my daddy I jumped up on his back singing Walla Walla
My mom she looks at me and said what are you singing
I said Walla Walla, tell me what it means ah huh
See the tree how it's growing so tall
The leaves have a life of their own
Even the branches, wanna make a call
Maybe one day it'll say little one you got the feeling just

keep on singing and soon you'll be playing that Walla Walla
that's just how it goes don't give up, stay in touch, curl up on your toes and sing Walla Walla

My sister came in she said what are you going? I'm doin' the Walla Walla riding on daddy back she said
I'll join you and well be together doing that Walla Walla under the shady tree look out
Just my mom, my dad my sister and me. (Oooh Ohh) keeping a happy strong family (Oooh Oooh)
Room for dancing and living the days, the people you love having fun hey hey

Do it soon, fly to the moon and one day you can write a tune like Walla Walla (hmmm)

This is what a Walla Walla tree looks like
Big umbrella leaves a little like a palm tree
You can eat them and they taste like chocolate

Spoon licking , while laughing now and playing under the Walla Walla Tree (that's what were doin)
