

ONE SHOE

I found One shoe now that won't do
I have Two feet so I need two
I have One shoe where's the other
I have One shoe now match the color

I found Two shoes but their both red
I have Two shoes - that's what I said
I have Two shoes but one's to big
I have Two shoes now DIG DIG DIG (3x)

There a pile of shoes right the door
DIG DIG DIG and DIG some more.....
I have a pile of shoes right the door
DIG DIG DIG and DIG some more.....

I found Three shoes now heres my gripe
I have Three shoes all left - no right
Theres a pile of shoes -that I have to climb
Theres a pile of shoes -now where are mine?

I dug up Four and Five - they were my mothers
High Heels - not like the others
Put them on - tried to walk around
I did okay till I hit the ground

Six and Seven belonged to my Dad
A little to BIG - but their not bad
All grown up for a little while
Till I tripped on a rug -
Went down in style (Ouch)

Eight, Nine and Ten shoes in a row
Found my Red shoe last - wouldn't you know
I jumped and danced on my tip-toe
till I fell to the ground - Oh the places I'll go
In my Red shoes on my tippy tippy tip toes
I can do anything - dance all around-play basketball-twirl on the ground
Sing a happy song - all day long in my red shoes (oooh Oh)
In my red shoes - finally found my red shoes
Oh the places I'll go - Ohh Oh
