

# Shine A Light

(for a better life for kids)

Bring a smile to a child  
in another land  
Bring a smile to a child  
and give a helping hand

A book, a light, a pair of shoes (we've got)  
Everything to gain and nothing to loose When we  
shine a light  
Carry us through the dark  
Brave any weather -  
Warm every heart

The world is our village  
Every voice can shine  
Be who you are have a compassionate mind Some  
have so little  
Some have so much  
Share something small  
They have faith in us

Bridge

Hearts full of hope (We have hope) Determination  
by our side (Yes we do!) Teachers are the leaders  
(Thank-you)

To a better life.....

Rhythm break 4 x 4

Oranges, beans, eggs and fish  
Just something to add to my empty dish  
clean water, and a place to sleep  
gimme a song to sing with an African beat  
Be the inspiration the change you want to see  
World full of peace and harmony  
When we shine a light  
Carry us through the dark  
Brave any weather -  
Warm every heart

## Bridge

Together we have hope (We have hope)  
Determination by our side (Yes we do!)  
Teachers are the leaders (Thank you)  
To a better life.....
