

Plant A Seed

Plant a seed
Inch by inch
Row by row
Sun and rain
Wait and watch
This is how my garden...

Grows tomatoes and eggplants
Watch my carrots up and dance
Par-s-ley blowin in the wind
String beans start a climbin

Bridge
Get inspired
I have a thought
Write it down - connect a dot
Speak out for what we know
(beat)This is how my ideas grow

Plant a seed - Inch by inch
Row by row - Sun & Rain
Pullin weeds-**This is how** my garden...

Grow Cucumbers - watch for ANTS
Got basil and some local plants
Butterflies like flowers please
Dandys candies for bees

Bridge
You are love
And you give back
Ya learn to hate and you retract
We all learn what we live
So lets all learn to give
(8 x 4 Instrument)
Plant a seed - Inch by inch
Row by row - Sun and rain
Wait and watch - This is how my garden...

Grows zucchini and some beets
Broccoli make good eats
Sweet Corn grows really tall
Sunflowers make you feel small

Bridge

Have a thought
Write it down
Like a seed in the ground
Wait and watch and always know
This is how my garden
This is how my ideas
This is how my garden GROWS!
